Dear Ms. Keenan,

Thank you for your letter dated September 25, 2007, a copy of which we received yesterday morning from a New York Times reporter.

This morning we issued a press statement, a copy of which is enclosed.

We have also this morning notified your vendor that Verizon Wireless has accepted NARAL's application for a short code. The short code is now operational.

Please do not hesitate to contact us if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "L.C. McAdam".
